Straight "A" Athlete

Combining business with pleasure seems to be the policy of Gene Claussen, Senior, who is center on the Bulldog football team. Although he is an enthusiastic football player, he has found time to maintain a straight "A" average in his studies the first six weeks. Dorothy Scanlan, Sophomore, is the other high school student sharing honors with Gene in having a straight "A" average.

"The Valiant One," is the name of the Junior Class play to be presented on November 23.

Dorothy Lake was absent from Kindergarten Monday because of illness

Nearly all of the grades will observe Halloween with parties on Friday afternoon.

Beverly Ruhde has returned to Kindergarten after spending last week in Iowa City where she was treated by eye specialists at the University hospital.

Nineteen out of twenty-five students received a perfect grade in spelling in fourth grade last week.

Billy Wailes was absent from third grade last week when he was visiting relatives at Milwaukee.

**GENERAL SCIENCE REPORT** The 8th grade General Science is conducted by Mr. Amos Lee.

This week the chapter has been about water. We have learned that most everything contains water. Also our body is  $\frac{2}{3}$  water.

Rain water contains substances derived in minute particles from the atmosphere such as ammonia nitrate of a carbonic acids and sulphurous acids, oxygen.

Spring water always contains much larger proportion of dissolved substances than rain water.

#### THE CIRCUS COMES TO TOWN

Peanuts! Popcorn! and Pink Lemonade! That should give you an idea we've been to the circus. Thursday afternoon Bible's Animal Circus was presented at our new high school auditorium. The King Lear Pony Troupe opened the program with military drills, pedestal formations and jumps, with dogs and monkeys acting as jockies. Five monkeys, dressed as people, gave a good performance of tight wire walking, barrel rolling and trapeze acting. A bear, which was caught in Canada by Mr. and Mrs. Bible, performed a variety of tricks, comedy feeding stunts and tight rope walking. Four white doves did some tricks such as climbing ladders and teeter-tottering. Five colored Spitz dogs entertained the audience by jumping through hoops, skipping the rope, barrel rolling, tight rope walking and climbing ladders. A pink dog ended the performance by a sensational jump from a ladder twenty feet high, into a canvas. There was a good attendance by both grade school and senior high and I'm sure we are all hoping there will be more such entertainment in our school in the future.

#### BULL PUPS BEAT AUDUBON

Coach Hall's Bull Pups played Audubon, Monday, October 25 and won by a score of 20 to 0.

The first half was played on fairly even terms, neither team making any real scoring threats. After the intermission, however, the Pups came to life and put on a good passing, running and blocking exhibition.

Jimmy Rowedder made Manning's first touchdown and the extra point was made by Frank Bliefert. Donald Nickum made the second touchdown, but due to the fumbling of one of the players, the extra point failed. The last touchdown was made by Rowedder who ran 40 yards and crossed the goal as the game ended.

Audubon was never able to advance within 35 yards of their goal.

Shorty Barnes, a former player on the team, who now lives in Audubon, played well for his new school.

The Pups will be in action on the home field this evening against Coon Rapids and the following Tuesday is a return game with Audubon.
